Weird AI will sue you.

Â How many jurors go to court with "I'll Sue You" in their heads?Â (Republication permission granted to all by photographer Michael Walter).Â Here's Weird AI Yankovic'sÂ "I'll Sue You" video that has been making its rounds. This laughable videoÂ amplifies the disgust many feel over litigiousness in America (but that feeling seems to focus on civil rather than criminal lawsuits), to the point that worthy litigants often suffer jury backlash over the situation.
